

PE & Sports Premium Analysis

2019/2020

What is the PE & Sports Premium?

The Government is providing funding of £150 million per annum for academic years 2014 – 2020 to improve provision of physical education (PE) and sport in primary schools. This funding will be allocated to primary school head teachers.

The sport funding can only be spent on sport and PE provision in schools. OFSTED will play a significant role in ensuring that schools target this funding in areas which will lead to clear outcomes in raising standards and opportunities in PE and school sport for all children throughout the Primary Phase.

It is expected that schools will see an improvement against the following 5 key indicators:

1. The engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles
2. The profile of PE and sport being raised across the school as a tool for whole school improvement
3. Increased confidence, knowledge and skills of all staff in teaching PE and sport
4. Broader experience of a range of sports and activities offered to all pupils
5. Increased participation in competitive sport

Our Vision

At The Gipsy Hill Federation, we aim to establish a sporting culture that enables and encourages all children to play and enjoy sport. We look to ensure that high quality PE provision is being delivered at all times which alongside our Healthy Living programme ensures that our pupils lead happy, healthy and active lives.

Our Aim

Improve the quality of the school P.E. programme by:

- Auditing PE provision to highlight development areas and to ensure engagement in regular physical activity for all pupils
- Ensure pupils have access to high quality equipment and resources to enable engagement in a broad range of sports and activities
- Delivering PE focused CPD through staff meetings to develop staff knowledge and skills.
- Employment of PE specialists to mentor staff and build confidence in delivering PE.
- Encourage and facilitate opportunities for pupils to participate in a range of competitive sporting competitions.

Objective: To achieve self-sustaining improvement in the quality of PE and sport

PE & Sports Premium 2018/2019 Allocation

School Income

Crawford - £20,160
Elm Wood - £19,160
Fenstanton - £20,850
Glenbrook - £19,640
Kingswood - £23,020
Paxton - £18,060

PE & Sports Premium 2019/2020 Allocation

School Income

Crawford - £20,459
Elm Wood - £19,390
Fenstanton - £20,470
Glenbrook - £17,970
Kingswood - £22,700
Paxton - £19,020

Impact of COVID- 19 in schools

During the academic year 2019-2020, schools were partially open from March 2020 to July 2020, due to the COVID-19 pandemic. Although pupils, who attended school had access to learning in all areas of the curriculum, delivery of the PE curriculum was adapted during the spring and summer term.

Swimming lessons for pupils in Year 4 and Year 5 ceased.

Sporting competitions did not take place in the usual way either across sites or with other schools in the borough.

Moving Matters continued to support schools through virtual competitions, Maths on the Move quizzes and remote learning content for pupils, shared through their website.

The annual sports day did not take place. End of year sporting events were adapted and pupils accessed sports activities on site if they were attending school. A range of sporting and physical activities were sent home for pupils to engage in as part of their home learning for pupils who were completing their learning at home.

Mentoring and support from PE specialists ceased from March to July 2020 due to COVID- 19 safety management in schools.

How the Allocation is Spent

Most of our Sports Premium allocation is spent sustaining our strong working relationship with a longstanding School Sports Partnership, Moving Matters.

Moving Matters provide Primary PE Specialists to work 1 and a half days a week in each of our schools, supporting the development of PE teaching practice and PE curriculum delivery as well as working with targeted groups of children. Specialists spend the full day per week providing 1-1 mentoring for staff, modelling best practice, team teaching, observing lessons and providing feedback with a development plan. As a result of this support, the teachers across our sites are developing subject knowledge and confidence in delivering Physical Education. The half day per week is allocated to working with targeted groups of children across all year groups with specialist teaching to either prepare pupils for up and coming competitions or supporting them in a small PE lesson to help boost their confidence and ability to take part in lessons.

Staff on all sites also have access to the Moving Matters online curriculum which is used across all our year groups ensuring a clear progression of skills as well as access to a broad range of sports and activities.

Teaching staff of all experiences work alongside the PE Specialist each term on each site, starting with NQTs. The teaching staff, working alongside the PE specialist, are assessed and receive in-depth feedback following each session. Once they have finished working with the PE Specialist, a final evaluation is completed outlining the development, strengths and future targets of the member of staff. In addition to this, the PE specialist is always keen to share best practice and liaise with all staff to ensure that sustained high quality PE is consistently being delivered across all year groups. They provide informal mentoring for all staff when on site.

PE and Sport Grant Expenditure 2019/2020

Cost

£13,050 per site

£13,120 (Fenstanton)

Key objective

To improve quality of learning in PE through improved teaching

Initiative

We hire PE specialists to mentor and support staff to improve their delivery of PE (one day per week per school). These specialists work with the children and alongside the teacher to plan and deliver lessons and give specialist help to children identified in each school. The service includes access to PE planning. This includes schemes of work and curriculum maps, model lessons and video links to support teachers with their planning and teaching.

We aim to develop our PE teaching so that it is either Good or Outstanding, ensuring that high quality PE experiences are provided for pupils across all sites.

We aim to improve the depth of knowledge of PE for staff and give them the opportunity and confidence to deliver a consistently high standard of PE lesson in the future.

As part of our federation, we offer CPD to all staff which they select based on areas they would like to develop in their teaching practice. We have delivered five PE sessions as staff meetings.

Impact

The PE and sport premium has increased the engagement PE specialist of both staff and pupils in PE and Sport.

Teachers are gaining experience and confidence teaching.

Teaching staff are being up-skilled by enabling them to individual teachers work alongside specialist practitioners. Subsequent, lessons taught by class teachers have been observed as either Good or Outstanding.

Pupils are allocated two hours of PE per week and PE has raised profile across the federation of schools.

As a result of the self-selected CPD sessions, teachers across all schools have had the opportunity to improve their knowledge of different areas of the sports curriculum and have been given help and guidance on planning, teaching and assessing PE.

Partners

Moving Matters – PE specialist Teacher

Key objective

To increase levels of pupil participation in competitive sport

Additional expenditure for competitive sports per site

Crawford £434

Elm Wood £907

Fenstanton £1213

Glenbrook £35

Kingswood £1,090

Paxton £550

Initiative

We have invested in Moving Matters Competitions as well as other local competitions for each site. The competitions are against other local schools in a wide range of School Games Level 2 sports. Football teams play in League matches against other schools within and outside our federation of schools.

We have also paid for an extra half day with Moving Matters where a specialist PE teacher takes groups of children to help practice and prepare them for up and coming competitions with either Moving Matters or local borough competitions.

Impact

As a result, more pupils are now participating in - and enjoying - inter- schools sport competitions.

Pupils involved in competitions have an increased understanding of winning / losing and the role of fair play, teamwork and sportsmanship.

As a result of the half day increase in using Moving Matters, we have increased the number of children attending sports competitions and the positions that they achieve has improved.

The funding has given us the opportunity to strengthen our partnerships with the local community and increased pupils' opportunities to take part in a wide range of local competitions.

Partners

Moving Matters

Local authority in each borough

Key objective

To raise the profile of PE and sport through Sports Days

Cost

Crawford £629
Elm Wood £693
Paxton £329
Fenstanton £455
Glenbrook £845
Kingswood £0.00

Initiative

During the summer term, each site plans and carries out an annual Sports Day in the park in their local area or on site. Parents are encouraged to attend and all children participate in a range of competitions, including running races, hurdles, treasure hunt, egg and spoon race, tug of war (KS2) and assault courses. There are also year team running races, parents race and teachers race. A staff meeting on each site is delivered by the faculty prior to sports day to help prepare teachers and support staff.

Due to the coronavirus (COVID-19) pandemic, annual sports days did not take place during the summer term 2020. Schools were partially closed and to continue to encourage pupils' participation in PE and physical activity, school sites organised a range of sporting and physical activities for pupils who were attending school to participate in, in their bubble/ group. Virtual activities were shared with pupils who were learning at home to encourage pupils to get active.

Daily Mile/ Active Mile

Sites have also implemented the Daily Mile, which pupils across the whole school participate in. The Daily Mile is a free initiative whereby pupils run, jog or walk for 15 minutes every day at school. The initiative aims to improve the physical, social, emotional and mental health and wellbeing of pupils regardless of their age, ability or personal circumstances. Daily Mile tracks have been installed on some sites, (e.g. Paxton, Kingswood and Fenstanton), with markings to encourage and motivate pupils.

Impact

Children across all year groups accessed sporting and physical activities on site or activities to engage in whilst learning from home.

Children enjoyed the on-site activities during the sporting events in the summer term and also enjoy participating in the Daily Mile.

Key objective

To raise the profile of PE and sport through access to lunchtime and after school sports clubs

Cost

Crawford £773
Elm Wood £0.00
Fenstanton £2835
Glenbrook £3895
Kingswood £7118
Paxton £796

Initiative

During the course of the academic year, sites organise PE and sport provision so that pupils are able to access sport during lunchtimes and after school. After school, school staff who are competent to deliver sessions run football clubs. As well as mixed teams, girls' clubs and teams encourage participation of girls in football. Participation in football club links closely with our competitive sports offer. Pupils selected for the team play in League matches against other schools within and outside our federation of schools.

At Kingswood, partnership with Team Get Involved, (TGI) is used. Sports coaches deliver a mixture of clubs such as multi skills, basketball and netball. Some sessions target SEN pupils, pupils who are excelling in sport or are gender specific to engage girls into team sports.

Impact

As a result, more pupils are now participating in a wider range of sport and physical activity, which they enjoy.

Partners

Moving Matters
Team Get Involved

Key objective

To ensure the regular involvement of children in sports through the purchase of sports equipment

Cost

Crawford £1816
Elm Wood £4616
Fenstanton £1811
Glenbrook £145
Kingswood £1889
Paxton £2591

Initiative

In order to improve the range of the sports equipment and resources on each site, we carry out an audit on each site in order to clearly identify the equipment and resources each site has available. Where possible resources are redistributed where appropriate and we also invest in a range of equipment to help support the teachers and PE specialist

Impact

All sites now have up to date equipment which they can use to teach the full PE curriculum

We also evaluate and feedback how useful we have found the specialist support. This evaluation takes into account the views and opinions of the teaching staff that have been working alongside the PE Specialist. A recent audit of provision identified the following impact amongst staff:

- Moving Matters has encouraged and motivated staff.
- Moving Matters has helped staff to be more confident in their teaching and practice of PE.
- Moving Matters have provided support on how to extend children's skills in PE
- The plans and resources provided by Moving Matters have supported teachers to plan and teach effective PE lessons and ensure that they are better able to prioritise this as a key subject area
- The plans and resources ensure a clearer progression of skills
- Moving Matters has provided a wide range of support particularly for new teachers and for NQTs
- Moving Matters has supported with raising the profile of PE across our schools
